

GEORGIA STATE BOARD OF WORKERS COMPENSATION
SAFETY VIDEO LIBRARY

1. All materials listed in the index are free of charge to any employer in the State of Georgia. However, fees such as shipping and insurance, must be paid by the borrower.
2. Items are lent for a period of two weeks.
3. To borrow an item, click on “Request Form”, print it out, and fill out the front. We strongly suggest you carefully read the agreement on the back before signing it. It’s long and intimidating, but nothing more than routine rental/lease language found in a normal contract. Still, you should be aware of what you’re signing.
4. The board requests that you return items via First Class Mail. It is also strongly recommended that you insure items you send, to protect yourself in the event of damage or loss.
5. The library items are only available to Georgia employers.
